

WINE FOR RELIEF

Our wine regions are burning too. Many vineyards have already been destroyed by the fires in the Adelaide Hills, Gippsland, and Hunter Valley region. In the Alpine Valleys and King Valley, several vineyards are damaged by smoke taint. This leaves a lot of wine growers and winemakers with no fruit to make wine in the next vintage.

Our friends at Cork & Co generously donated wine for us to raise funds. 100% of all proceeds from these sales will go to the Australian Red Cross to help all who are affected by the fires.

Wines are by the bottle only but remember that if you only want to have a glass with your meal, you are welcome to take the bottle home with you to enjoy later.

Savour these seriously gorgeous drops – it's possible that we may not be able to enjoy them for a while.

WINE

Our wine list is carefully curated and rotates regularly. We are passionate about Australian wines and strive to support independent winemakers and small wine producers. We are forever exploring new varietals and various techniques of winemaking, and we aim to share our love of Australian wine with you.

Feel free to ask for a taste if you'd like to try something!
